

## David

Media Console

GDS50G5-1592SM

A study in contemporary design on a grand scale.

The trendy styling of the David media console provides layers of depth and symmetry which complement the dazzling, 50" panoramic firebox with 3D flame effect and diamond-like acrylic ice ember bed that sparkles with reflected light. A black glass top crowns the Smoke finished cabinet, creating an open storage area above the firebox with two additional storage areas on either end complete with glass shelves.
